Check Out Information

Please make appointments with the Landlord/Manager to do your final checkout. Hours for checking out are by appointment. There will be no Sunday check out times. Please give the Landlord/Manager as much notice as possible.

Do not ask to be checked out until you are completely moved out and the apartment has been cleaned.

The person inspecting the apartment does not have the authority to refund any deposits. Your deposit will be mailed to you within 30 days as provided by state law. You will expedite this procedure by reporting forwarded address when checking out. It is not mandatory for the tenants to be present during the inspection but it does help the process in case of any questions.

Please remember to fill out a change of address form at the office for the postal service.

Your apartment was rented to you in a clean status, unless otherwise noted in your "Apartment Move In/Move Out Inspection sheet", and we expect it to be that way when you are checked out, other than normal wear and tear, or you will be charged accordingly by the list of charges established and attached in this packet. By following these instructions and doing a complete job you will increase the likelihood that you will have no cleaning deductions. Persistence and patience will pay off in cleaning. It usually takes a full day to clean, sometimes it may take longer.
